

Assembly Instructions

# AXIS

Desk With Swivel

# WARNING

**FAILURE TO FOLLOW THESE BASIC STEPS CAN LEAD TO DAMAGE THAT IS NOT COVERED BY YOUR WARRANTY**

**1**

Read instructions carefully. Check no parts are missing.

**2**

Lay out all of the components on a soft surface as if you were preparing to do a jigsaw puzzle.

**3**

Carefully identify each component, especially those that are similar. The most common mistake is getting things back to front.

**4**

Separate and identify each component from the hardware pack and rest each one in its proper location before fastening.

**5**

**DO NOT** fully tighten screws (leave slightly loose). When the item is fully assembled, tighten the screws - but do not over tighten.

**6**

If glue is required **DO NOT** set until you are certain that the parts belong together.
